There's a fellow in Miami who does a lot of promoting on the government's name. He mails out a post card once a week with the list of candidates and the odds he thinks should cover their chances at this stage of the race. He notices that young Fuller Warren's name has been at the head of the list for several weeks. He is the only place where Fuller has been given much of a chance in this gubernatorial fight. I notice he hasn't changed his odds on the state officers to qualify. As you know, this Miami guy, puts his name in the White Chair, and the name of Walter B. Fraser, of St. Augustine in third place.

I see by reading the card a little closer that Special L. Holland is put in first place with Fred L. "Buckshot" above him in fourth place. Our county clerk, Fred L. Holland, is in the second place in the race. I notice that in the last year he has been given a chance in the gubernatorial fight. I notice he hasn't changed his odds on the state officers to qualify. As you know, this Miami guy, puts his name in the White Chair, and the name of Walter B. Fraser, of St. Augustine in third place.

Not counting Sundays there are only 68 days left between now and primary election day on May 17th. Considering what the odds are, I see where the candidates are going to it. I see where the candidates are going to it. I see where the candidates are going to it. I see where the candidates are going to it.

If you remember two years ago I guessed I'd be elected and I was. Well, that was a long time ago. I'm going to make another guess today. I'm predicting that Governor Fred P. Cone and Senator Charles O. Andrews will go into the second primary in the senatorial race. I think they will. I think they will. I think they will. I think they will.

A big bunch of men were thrown out of work when the Armistice corporation threw up one of its big projects. It was a government levee. It wasn't a government levee. It was a government levee. It wasn't a government levee.

The U. S. Sugar Corporation is still cutting cane, but nobody will harvest a guess as to how long they will continue. The recent freeze did untold damage to the cane. Just as long as the cane will make high quality sugar I understand they can continue to cut it. I know that the cane harvesting season is going to be considerable shorter this year when compared with last season.

## Ohio Friends Call On The Gledhills

Misses, Curtis Shirey and Edward Harrell, employees of the Republic Steel Corporation, of Warren, Ohio, who are taking a two week motor trip, through Florida and an air trip to Havana, dropped in on the news and spent time with them. They were accompanied by their mother, Mrs. J. C. Shirey, who is a well known and a right smart woman. They were accompanied by their mother, Mrs. J. C. Shirey, who is a well known and a right smart woman.

## Crocker Family Expresses Thanks

We wish to express our deepest appreciation to the many friends for their expressions of sympathy during the illness of our mother. We shall always remember these words so kind, so helpful, and so comforting. The many beautiful floral offerings in the Crocker family.

## Clewiston Man Is Named Chairman of Fire Control Board

Charles E. Miner Succeeds R. Bos of Moore Haven

At a called meeting of the Everglades Fire Control Board in Fort Lauderdale Wednesday night, Charles E. Miner, Clewiston member of the board, was elected chairman. R. Bos of Moore Haven, resigned the position. The resignation of R. Bos of Moore Haven handed in the first of January. Mr. Miner has been most active in affairs of the board since his appointment as member and his knowledge of conditions in the board and familiarity with fire fighting methods made him the logical choice of the board for the position.

The board gave its approval to a \$30,000 fire control project, most of which will be connected with the state and federal government. C. Kay Davis, project director for the United States department of interior soil conservation service outlined the project which calls for a new canal from 26-Mile bend across to connect the New river and the Pompano canal, while another will extend in a southerly direction from the river to the state canal, while another will extend in a southerly direction from the river to the state canal.

The board heard W. M. Stafford, chief warden, report that 208,000 birds had been banded in the area of raptorial birds. He said the present frozen grass situation constituted a serious hazard to the birds. He recommended, concurred in by the board, that state equipment be made available to guard the birds. The board also heard a report from the state warden, W. M. Stafford, chief warden, report that 208,000 birds had been banded in the area of raptorial birds.

## Masquerade Ball By Woman's Club On February 22nd

The Pahokee Woman's club will sponsor a masquerade ball in the Legion hall on the night of February 22. It was announced yesterday. The affair will set under the leadership of Mrs. J. C. Shirey and Tommy Keffer and his orchestra will furnish the music. Officials of the organization ask that all those who attend be in costume. Tickets are on sale for \$10.00, and will be good for the dance and floor show.

## County Board Handles Business At Monday Session

The question of requiring peace justices and constables to provide bonds again came before the county commission at its Monday session. The names of four peace justices who have failed to comply with the new state code, were read.

The commission reported that records show that W. P. Bonner, W. J. Larrimore, L. H. Shipley and K. C. Gwyn have not posted the \$1,000 bond as required by law. It also was pointed out that six constables have posted the \$200 bond, but that the new code does not require any bond from these officials. Commission Chairman, W. J. Larrimore, expressed the opinion that bonds should be required of them the same as peace justices.

W. H. Lawrence, of the office of Sheriff W. J. Lawrence, dated from January 1, 1934, to September 3, 1939, was checked by W. J. Larrimore, deputy county auditor. A number of adjustments were made during the audit period. It was said that the purchase of a car for Dr. W. H. Weems, county physician, receipt of a \$6,000 check from the state was not paid, and that \$1,000 for \$800 for damages to the Lake Raton bridge by the Belcher Brothers, was not paid. It was among other commission acts.

Clifford, B. B. assistant purchasing agent for Volusia county, has been granted a leave of absence to take charge of the White Star-Governor headquarters in DeLand.

## Ed Frierson Named Fire Control Member

Ed Frierson, prominent farmer of Moore Haven, was named as a member of the Everglades Fire Control board at a meeting held last week in Fort Lauderdale. Mr. Frierson succeeds R. Bos of Moore Haven who resigned the first of January. Mr. Frierson has been a resident of Moore Haven community for many years and will assume a valuable member on the fire control board.

## State Commander in WPB On Tuesday

A joint meeting of the American Legion posts of Belle Glade, Pahokee and West Palm Beach will be held next Tuesday night in West Palm Beach at which the state commander, Bill Brooker, of Tampa, will deliver the feature address. All Legion members of the three posts are urged to be in attendance, and take as their guests some of the leading business men of the community. Mr. Brooker is an able and interesting speaker and his message is certain to be of interest to all who attend.

## Candidates Qualify For State Offices, Make Preparations For Stump Tours

More Expected To Show  
In Their Hats Before  
March 23

As the 1940 political campaign gets under way, a number of candidates for state offices are making preparations for their stump tours. The candidates for the U. S. House of Representatives are: U. S. Senator Charles O. Anderson, reading a letter to the voters in his room at the Hotel St. James, and U. S. Representative J. P. C. Jones, who has just returned from his home in Jacksonville. Other candidates have not yet been named.

Anderson, who has been in the state for some time, is expected to make a tour of the state in the next few weeks. Jones, who has been in the state for some time, is expected to make a tour of the state in the next few weeks. Other candidates have not yet been named.

The government might be able to factory to everybody if they want a limit to the number of public offices.

## Piscatorial Pastime

Since the freeze the bass have been biting unusually good in Lake Okechobee. Several nice strings have been brought in by local fishermen. P. M. Cate and Lee Lee seem to be among the best when it comes to landing a string of bass in the lake. The best time to go fishing is during the early morning hours. The bass are more active then.

Ray Hawk, Frank O'Connell and Oscar Chastain went to Sarno during the week and caught 100 blues. They had a little difficulty with the rough sea but say that the trip was well worth the time and effort.

Jim McLeure, proprietor of the Western Auto Associate store, says there have been several nice bass entered in his fishing contest. The contest started the first of January and runs until the closed bass season goes into effect. He is offering three dandy prizes for first, second and third place. So, by fishermen, if you're interested in a lot of nice tackle without charge, why not enter the contest today? It costs nothing to enter.

## Third District Race For Congress Sure To Bring Fireworks

### Four Outstanding Men Offer For Millard Caldwell's Job

The race for congress in the third Florida district is going to be one of the most interesting political battles in the state; between now and primary election time, Congressman Millard Caldwell has announced he will not seek reelection and four prominent men in the district have announced their candidacy for the job.

Robert F. Sikes, editor and publisher of the Okaloosa News-Journal at Crestview, has tossed his hat in the ring and is beating the bushes in search of votes. Bob, as he is popularly known in state newspaper circles, is a vote-getter and able orator. He served in the 1937 and 1939 sessions of the state legislature and is no novice in this game called politics.

Parkhill "Davy" former representative of Monticello, who waged an unsuccessful race against Caldwell two years ago is another entrant. Parkhill is a likeable fellow and has a wide circle of friends who will be boosting his candidacy. He was one of the right-hand men of Governor Cole in the 1937 session of the legislature.

G. Pierce Wood, member of the lower house for many years and speaker during the 1939 session, is another candidate. Pierce is an ardent campaigner and has thousands of friends in the district where he is seeking election. His ability as an orator is outstanding and voters of the third district are insured an interesting campaign since his announcement.

Latest to announce his candidacy is Senator D. Stuart Gills of DeFuniak Springs. He has had many years experience in the state senate and served as president of that body in 1937. He waged an unsuccessful campaign for supreme court justice two years ago. He is widely known and respected in the west Florida district. An able speaker and an outstanding legislator, Mr. Gills will be heard from when the ballots are tallied.

## Singing Groups To Meet 4th Sunday

The Palm Beach County Singing convention will meet at the high school auditorium in West Palm Beach on the fourth Sunday, February 25. It was announced this week by officials of the organization. All members of the group are urged to be in attendance. There will be more than a dozen different quartets participating in the singing that afternoon.

The famous "Silent Quartet" of Dallas, Texas, will be one of the outstanding features of the day.

## COLD KILLS BUGS

Scientists state that the cold weather has been the means of killing off many of the insect pests, including weevils, flies and house worms and their larvae. This will be an advantage to the farmers, and better crops for next year, without insect damage.

## Cross Penguins With Leghorns

Says Don McLeod in the Apalachicola Times: "After this winter an accomplished and conscientious farmer is needed in every town in Florida to slaver all inquiries of strangers concerning our climate. Herbert Brown, East Point poultry and egg man, has ordered from Admiral Byrd some South Pole penguins to cross with his white leghorns so their fathers won't freeze or."

## Founder's Day Is Observed By P.-T.A.

An impressive candle ceremony was presented by the Canal Point Parent-Teacher Association in observance of Founder's day in the school auditorium. J. B. Cox, principal, was in charge of the ceremony which included seven candles representing the seven ideals of the Parent-Teacher Association. Those portraying the ideals were Eleanor Chastain, Ray Barfield, Martha Stokes, Esther Tamm, Dorothy Wood, William Wood and Allen Baker.

During the business session, which was presided over by Mrs. J. B. Cox, president, C. M. Mullis, A. Q. Howell and R. S. Stokes were named on a committee to investigate the possibility of purchasing a new picture machine. It was announced that the school board would contribute \$100 toward the machine. The purchase would be a balance of \$165 for the school to raise.

It was announced that the cafeteria which has been operating under the supervision of the works projects administration since the freeze several weeks ago will continue to operate under the direction of a local committee, including Mrs. A. Q. Howell, Mrs. G. Loxton Sims and Mrs. Lee Kimball. Mrs. Ledy will be in charge of the cafeteria. Mr. Cox announced that the Pahokee Rotary club and J. L. Leonard, county superintendent of schools, had contributed toward the project.

The following nominating committee was named to recommend officers for the ensuing year: J. G. Weeks, Mrs. G. H. Tucker, Mrs. R. S. Stokes. The attendance banner went to the eighth and ninth grade rooms.

The program was in charge of Miss Sue Maxwell, who spoke briefly on the meaning of Founder's Day. Louise Sims, Marjorie Stokes and Nixie Satter's gave readings and a group of girls from the Junior High gave an interesting and impressive candle-light service on P.-T.A. work.

A birthday cake was served to the members present by Mrs. Harlin Siga, Mrs. D. L. Hooks and Mrs. Ben Smith.

### About Electric Cookery

Q: What does electric cookery cost?  
A: Thanks to "step-down" electric rates (the more you use, the lower the rate per kilowatt hour) modern electric cookery costs as little as 10¢ per day if you already use electric refrigeration.

### About Plus Services

Q: What are Electric Power & Light Company Plus Services?  
A: These free extra services we render to help you get greater benefit from our basic services. For example, we will help you plan a re-wired modern kitchen, supply you with electric cookery recipes, and demonstrate labor-saving cookery shortcuts, to make electric cookery more useful to you.  
Q: Don't these plus services add to the cost of electricity?  
A: On the contrary, by making electric service more convenient and useful to more and more people, they have increased in use and thus helped make electricity cheaper and cheaper.
